REGULATION 2

GENERAL REQUIREMENTS

1. An Active Member may become entitled to Credit by engaging in any one of, or a combination of, the following kinds of educational activity:
 - A. Attending an approved program as set forth in Regulation 3.
 - B. Instructing at an approved program, including preparation for instruction as set forth in Regulation 10.
 - C. Writing or editing of articles or works approved for Credit by the Board as set forth in Regulation 9.
 - D. Participation in approved alternate format programs as set forth in Regulation 4.

2. Unless otherwise specified by the Board, attendance by an Active Member for each sixty (60) minute period at any approved program entitles the Active Member to one Credit-Hour toward the fulfillment of the continuing legal education obligation of the Active Member for the calendar year in which such attendance occurs.

3. The Board reserves the right to reduce the number of Credits for an approved program, if the instruction is completed in less time than was approved.

4. It is the responsibility of the Active Member seeking to obtain continuing legal education Credits to understand that only the Board can approve a program and only the Board can determine how many Credits will be awarded.

5. Except as provided below, Credit will not be given for delivering or attending keynote addresses, introductory comments, business meetings, breaks taken for refreshments or meals, including speeches or presentations made during meals. However, Credit may be received if the circumstances are such that:
 - A. The primary function is CLE;
 - B. There is a quiet and academic atmosphere that allows all members of the audience to easily hear the speaker(s); and
 - C. CLE is being presented during the entire time for which Credit is applied.

6. Credit will be given for question and answer sessions within a program.

7. If less than a Credit-Hour occurs, partial Credit must be rounded to the lowest one-half (1/2) Credit. Credits may not be received for less than a total of one-half (1/2) hour of attendance at any Accredited educational activity.

REGULATION 3 ACADEMIC STANDARDS

1. A program, or other formal educational activity, may be approved by the Board if the following standards are met:
 - A. The program or activity must have as its primary purpose improving professional skills or competence of attorneys, furthering the education of attorneys in matters of their professional or ethical obligations, and/or improving the attorneys' efficiency in delivery of legal services to the client.
 - B. The program or activity must be an organized program of learning conducted by lawyers or other persons who have specific education, training, experience, or expertise in an area or topic, by reason of which the instructor is considered an expert in the subject matter of the program. Any program conducted or presented by an instructor who does not meet this requirement of expertise is rebuttably presumed not to qualify for Credit.
 - C. Thorough, readable, up-to-date (including citations) and carefully prepared written materials must be made available to all participants at or before the time the program is presented, unless:
 - i. The absence of such written materials is reasonable under the circumstances of the particular program or presentation to be made;
 - ii. The absence of such written materials is approved in advance by the Board. A topical outline without citations or explanatory notations is not sufficient to satisfy this requirement; or
 - iii. The program is one (1) hour or less.
 - D. The program or activity must be conducted in a comfortable physical setting conducive to learning and shall be monitored by the Provider for continuous attendance of the Active Member.

- i. Should an attorney in attendance witness an attendee to be in violation of these Regulations as to attendance, it is the professional obligation of the attorney witnessing the alleged violation to submit such information concerning the alleged violation to the program monitor. If no action is taken by the program monitor, it is the professional responsibility of the attorney witnessing the alleged violation to report the conduct to Bar Counsel for the State Bar of Nevada. See NRPC 8.3.
 - ii. Pursuant to NRPC 8.4, it is the obligation of the attendee to comply with the attendance Regulations as set forth above.
 - E. The program or activity must be open to monitoring by the Board or its members, or its authorized representative, without charge or need for advance registration. The Provider may utilize computerized attendance systems. The Provider must monitor for continuous participation by ensuring that continuous use of cell phones and computers, or the continued attention to unrelated reading materials during the program or activity, is prohibited. In addition, certificates of attendance shall not be provided to program attendees until the end of the program or activity. Records of attendance must be retained as set forth within these Regulations.
 - F. The program must have the Instructor(s) available in the same room or available by video teleconference and audio technology of sufficient quality and range to be heard by all attendees.
2. Programs instructing on the subject of law office economics or practice management may be approved unless all or a specific portion of the program is primarily directed to deriving a profit from the practice of law or developing a client base as opposed to improving the professional skills or the efficiency of the attorney as a practitioner. Programs in or including billing ethics or techniques may be approved if primarily directed toward the development and maintenance of client satisfaction or ethics compliance and not attorney profit oriented. In such instances, the portions of the program which place primary emphasis on marketing, improving your bottom line, or deriving a profit from the practice of law, as opposed to improving the professional skills or the efficiency of an attorney as a practitioner, shall not be entitled to approval. General programs not uniquely

designed for attorneys that stress writing or computer skills are rebuttably presumed not to be eligible for Credit.

3. Substance Abuse/Addiction/Mental Health Credits may be approved for programs that focus on developing awareness of substance abuse or mental health issues and related problems in the practice of law.

- A. This includes, but is not limited to: the prevention, detection, reporting and treatment of substance abuse, addictive disorders and/or mental health issues and the available assistance for impaired attorneys; recognizing the signs of substance abuse, addiction and mental health disorders in oneself or one's colleagues; and, impairment, intervention, treatment and available lawyer assistance programs. This also includes steps to be taken in reporting an affected attorney and in assisting the affected attorney.
- B. Stress management programs as they relate to the practice of law are also eligible for Credit if they focus on developing awareness of stress-related problems in the practice of law, including programs that focus on personality traits susceptible to stress, work/life balance, recognizing signs of stress in oneself or one's colleagues, instituting preventative measures individually, and the development of policies with the law firm or legal department for dealing with stress-impaired attorneys.
- C. Credit will not be given to programs in which the sole focus is personal stress reduction techniques such as breathing exercises, meditation and yoga.

4. Programs may be approved that discuss the importance and advantages of diversity and/or recognition and elimination of bias in the legal profession.

5. Programs that cross academic lines, but which combine the subject matter with legal issues (*e.g.*, a medical-legal program, engineering aspects of construction litigation, accounting-estate planning programs) may be approved if the program has significant intellectual or practical content and improves the professional competence of an attorney. The programs in this category may be approved upon application by either the Provider or attorney. The burden is on the Provider or attorney to demonstrate in the application that the program improves the professional competence of an attorney.

6. Programs that do not deal directly with the practice of law (e.g., science programs, computer programs, and engineering programs) may be approved if the program has significant intellectual and practical content and improves the professional competence or skills of an attorney or the delivery of legal services to the client. Approval of such a program may only be obtained upon application of the Provider or attorney. The burden is on the Provider or attorney to demonstrate in the application that the program improves the professional competence of an attorney.

7. A program for which the primary audience is not attorneys is rebuttably presumed not to be continuing legal education. The burden is on the Provider or attorney to demonstrate how the program maintains or increases the professional competence of an attorney.

8. A program or formal educational activity provided by a vendor of products and services to law firms or clients of lawyers is rebuttably presumed not to be CLE. No promotion or sale of goods or services may occur during any period for which credit is sought.

9. Credit will not be given for the reading of a book or handout material from a program.

10. Credit will not be given twice for the same program.

REGULATION 4 ALTERNATE PROGRAM FORMAT

1. An Active Member may receive Credit for a Board approved program presented in alternate format by a Provider. Generally, an alternate format is any program previously recorded. Examples of alternate format may include webcast, disc, satellite, thumb drive, or other format now or hereafter developed by Providers and determined by the Board to be an alternate program format. The Board's approval of an alternate format program is valid for one (1) year only.

2. Alternate format participation must be verified by the Provider of the program. It shall be the Provider's responsibility to enter the attendance

electronically as directed by the Board within thirty (30) days after the completion of the alternate format program. The alternate format item, program, or materials may only be used once by an Active Member (updated versions to be considered new items), and the alternate format program may not be older than three (3) years since the time it was first presented. It is the Active Member's responsibility to ensure the alternate format program complies with this Regulation before beginning study.

3. Regardless of the program format, the program must meet all of the academic standards of Regulation 3, including the obligation to provide suitable written materials.

4. Credit for an alternate format program cannot be divided between calendar years. For example, Credit may not be earned for part of a single program in one reporting year and another part of the same program in another year.

5. Due to the possible editing of a live program when transferred to a recorded version, the Board reserves the right to reduce the total number of Credits to the actual running time of the recorded version. The Board further reserves the right to review the transferred version for content to ensure compliance.

6. Pursuant to the Nevada Rules of Professional Conduct, it is the ethical obligation of the Active Member to comply with the requirements of these Regulations. Failure to do so may be considered an ethical violation pursuant to NRPC 8.4.

Such records must be retained by the Active Member for a period of three (3) years after the Active Member engages in the continuing legal education activity subject to verification.

2. The Board maintains on its website all Active Members' transcripts. Transcripts reflect courses attended during the current calendar year and credits carried forward from prior years in accordance with and within the limitations of SCR 210. The Board encourages active members to review their transcripts, which may be viewed online by logging in at the Board's website. www.nvcleboard.org

Active members are advised that transcripts are made available merely as an aid to assuring that accurate records are kept of their credits and course history, but should note that review of the transcript does not, by itself, satisfy an Active Member's obligations under SCR 210(3) and subsection 5 below to submit an Affirmation of Attendance and Compliance.

3. An Active Member may verify his or her attendance at any program by using the certificate of attendance issued by the Provider of the program.

4. Failure of an Active Member to provide verification of attendance may result in denial of Credit for the program and referral to Bar Counsel for possible discipline.

6. The Affirmation of Attendance and Compliance constitutes an Active Member's representation under penalty of perjury pursuant to SCR 210(3) that the Active Member has complied with the Board's Regulations and attended each of the courses set forth on the affirmation for the number of Credit-Hours stated for each course.

7. Those Active Members who have not submitted their Affirmation of Attendance and Compliance by December 31st, may receive an extension of time until March 1st of the following year. The Board will assess a non-refundable Extension Fee as set forth in SCR 212. REGULATION 13 BOARD AUDITS

1. Pursuant to SCR 212(4), the Board will conduct random audits of Active Members to confirm compliance with these Regulations. Such an audit may entail review of the Active Member's CLE compliance for the two (2) preceding calendar years. The Board may also audit an Active Member based on other criteria determined by the Board, including but not limited to: a history of noncompliance with these Regulations; submission of an inaccurate Affirmation of Attendance and Compliance; and, other cause as determined by the Board.

4. Active Members employed on a full-time basis in the judiciary who are prohibited from engaging in the private practice of law and Active Members of the State Bar of Nevada entitled to an exemption under SCR 214 (1) are automatically entitled to an exemption from the requirement to pay the Annual Fee under this Regulation 14.
5. Should a check be returned by a bank for non-payment, the Active Member will be required to reimburse the Board for the actual dollar amount of the check, together with a Returned Check Fee.
